VIVEK MISHRA

WEB DEVELOPER

Bhopal, M.P │ mishravivek9981@gmail.com │ Linkedin │ Github

SUMMARY

Full Stack Developer with proficiency in Java, React.js, Node.js, and UI/UX design. Experienced in developing robust, responsive web applications with a focus on optimizing user experience and performance. Adept in both frontend and backend development, with a strong foundation in software engineering principles and graphic design.

EXPERIENCE

Virtual Internship in Networking Essentials by CISCO   **MAY 2024 - AUG 2024**
- Completed a virtual internship focused on networking fundamentals, including configuration, troubleshooting, and network maintenance.
- Gained practical experience with networking protocols, firewalls, and VPNs to ensure secure data communication.

Web Developer Internship by Eduskills   **SEPT 2023 - NOV 2023**
- Engaged in an intensive 10-week virtual internship focused on advanced web development, gaining practical experience with cutting-edge technologies and frameworks.
- Mastered HTML, CSS, and JavaScript, leveraging these skills to design, develop, and deploy dynamic and user-centric web applications.

PROJECTS

StudyNotion
- Engineered a full-stack educational platform using React.js (frontend) and Node.js with Express.js (backend), improving user access to educational materials.
- Utilized MongoDB for efficient data management and implemented RESTful APIs in Java for secure data processing and communication.
- Conducted rigorous unit and integration testing with JUnit and Mockito, reducing post-deployment issues by 30%.

Linktree Maker
- Developed a Linktree clone using React.js, incorporating API integration for real-time user data management, which improved user satisfaction by 20%.
- Designed and integrated custom graphic elements to enhance visual appeal and user interaction.

EDUCATION

Bachelor of Technology in Computer Science(AIDS)   **2022 - 2026**
Lakshmi Narain College of technology,bhopal
- Currently pursuing B.Tech in Computer Science, actively expanding my knowledge in computer science fundamentals, programming languages, algorithms, data structures, and software engineering methodologies to drive innovation and excellence in the field.

TECHNICAL SKILLS AND ACHIEVEMENTS

- Languages: Java, Python, JavaScript
- Frameworks: React.js, Node.js, Express.js
- Tools: Git, Figma, Cloudinary, Tailwind CSS, Adobe Photoshop, Canva
- Other: RESTful APIs, JUnit, Mockito, UI/UX Design, Graphic Design

EXTRACURRICULAR ACTIVITIES

- Winner of the Diwali Fiesta Quiz and DSA Quiz conducted by the Quiz Club.
- Participated in YI Greenovation, flipkart grid, adobe gensolve and Hacktoberfest 2023.
- Active member of the college Corporate club, contributing to and organizing various events.
